

## Genius Usage Terms

### Who each party is.

You (the user) and the Nova Scotia Health Authority

NSHA = Nova Scotia Health Learning Institute for Health Care Providers as part of Nova Scotia Health Authority

### What the product is

Genius (student information system). A student information system is an information data platform that is built for the unique needs of the Learning Institute (LI) team and learners.

### What rules and regulations must be followed during the use period

These rules and regulations apply upon account creation in Genius.

### Use of user ID and password

You are solely responsible for all usage or activity on your account. We require you to take reasonable efforts to ensure your username and password are protected and not used without your knowledge or consent or on your behalf by others.

### Use of the website by you

Each user must evaluate, and bear all risks associated with the use of any content, including any reliance on the accuracy, completeness, or usefulness of such content.

Under no circumstances will the Nova Scotia Health Authority be liable in any way for any content, including, but not limited to, liability for any errors or omissions in any content or any loss or damage of any kind incurred as a result of the use of any content posted, emailed or otherwise transmitted via the NSHA's websites.

The NSHA does not control supplied content posted to the websites and, as such, does not guarantee the accuracy, integrity, or quality of such content. Content, whether publicly posted or privately transmitted, is the sole responsibility of the person from whom such content originated. NSHA is responsible for the content NS Health posts and provides but is not responsible for what the user posts. This means that the user, and not the NSHA, is entirely responsible for all content that they upload, post, email or otherwise transmit via the website. No user shall transmit content or otherwise conduct or participate in any activities on the NSHA websites that, in the judgment of the NSHA, is likely to be prohibited by law in any applicable jurisdiction, including laws governing the encryption of software, the export of technology, the transmission of obscenity, or the permissible uses of intellectual property.

You may not provide to or post on or through the website any graphics, text, photographs, images, video, audio or other material that constitutes unsolicited junk mail, spam, advertising, commercial offers, or attempts at deception or fraud. You may not repeat the same posting multiple times in a day or week. You are responsible for ensuring that any graphics, text, photographs, images, video, audio or other material you provide to or post on the website, including without limitation in forums, blogs, wikis, and chats does not violate the copyright, trademark, trade secret or any other personal or proprietary rights of any third party or is provided or posted with the permission of the owner(s) of such rights.

You agree not to use offensive language is strictly prohibited and a violation of the LI Academic Code. As a user, you are not permitted to provide or post on or through the website any graphics, text, photographs, images, video, audio, or other material that is offensive when using the website.

#### How long the using party is permitted to have access to the product

You have access to the Genius Student Information System for the duration of your program/course at the Learning Institute. Your information is stored in the system and if you were to take an additional course at the Learning Institute, that account information would still be available.

#### Information Use

The Learning Institute collects registration and demographic data of its learners including name, email, address, emergency contact, zone and unit employed, manager name and employee number (for NS Health staff only). This information is used to provide the organization with workforce data on specialty and entry to practice education. Learner demographic and registration information are shared within the Brightspace and Genius platforms.

Privacy concerns can be addressed by contacting the NS Health Privacy Office at 1-833-213-1634 or [privacy@nshealth.ca](mailto:privacy@nshealth.ca)
